Election Services is a division of the Secretary of State's office, State Capitol, Little Rock, Arkansas. You may call 1-800-482-1127 or 371-5070 for additional information on elections in Arkansas.

PAUL RIVIERE
SECRETARY OF STATE

STATE OF ARKANSAS
OFFICE OF SECRETARY OF STATE
LITTLE ROCK

January, 1982

INTRODUCTION

It has been said that there is less written on Arkansas government and politics than on any other state. I agree and have been concerned about the lack of materials on these subjects.

Many people contact this office requesting information about election results and voter turnout. This information must be extracted from election abstract sheets and various files which we maintain. It has been generally inconvenient to obtain.

This publication is one of several which I hope will begin to correct the problems of availability and accessibility. It is designed to provide accurate information on federal, state, and district races for the primaries and general election each election year.

This work has been made possible through the use of capable college and university interns, who research for us, receive academic credit for themselves, and provide a worthwhile public service.

I hope you enjoy this publication.

Sincerely,

A handwritten signature in cursive script that reads "Paul Riviere".
Paul Riviere

ELECTION LAWS OF ARKANSAS

Amendment 51

Amendment 51 of the State Constitution of Arkansas, provides for the registration of voters and the processes of application, cancellation filing, permanent registration, and the duties of registration officials. To be an eligible voter in the state of Arkansas, a person must be at least 18 years of age and must register twenty (20) days before the election in which the person wishes to vote. If a person fails to vote in any election for four consecutive years, that person is removed from the Permanent Register and must re-register before becoming eligible to vote again. Any person convicted of a felony in the state is not eligible to vote until all his time has been served or a pardon is granted. It is unlawful for anyone to "intentionally destroy, steal, mutilate or unlawfully detain or obtain any affidavits of Registration or any Registration Record Files," and such an offense is a felony.

Conduct of Election (General Elections)

The polls in Arkansas shall be opened at eight o'clock (8:00) A.M. and shall remain open continuously until seven-thirty o'clock (7:30) P.M., provided that the County Board of Election Commissioners or, in a primary election, the County Committee, may open the polls prior to eight o'clock (8:00) A.M. but in no instance earlier than seven o'clock (7:00) A.M. The judges and clerks of the election are appointed by the County Board of Election Commissioners, or, in the case of a primary election by the County Committee of the political party holding the election. By law, there are to be at each polling precinct, at least (3) judges and two (2) clerks whose duties range from inspection of the ballots before the polls open, to checking the voter registration records and marking down the name of those who voted. The judges and clerks are held responsible for the tabulation of the vote and the dispersal of election results to the various officials within the state and county.

The canvass of votes and the declaration of the election results must be announced within seven (7) days after the election by the County Election Commissioners, and they must deliver within fifteen (15) days after the election a certificate of election to a person receiving the highest number of votes for any county office. The County Election Commissioners shall send a certified copy of all the election abstracts, within two (2) days after the examination of the returns, to the Secretary of State for all elections which involve the congress, executive, legislative and judicial offices. There shall also be enclosed abstracts of votes given for the Governor, Secretary of State, Auditor of State, and Attorney General directed to the Speaker of the House of Representatives, in the care of the Secretary of State, who shall hold such returns safely until the same are required to declare the results of the election.

In the case of a congressional election, the Secretary of State, within thirty (30) days after receiving all the election returns from the different counties of the state, in the presence of the Governor, shall cast up the number of votes given to each candidate seeking the United States Senate or House of Representative position within the state. The Governor shall immediately proclaim a winner of the election when it is determined that one person has received the greatest number of votes cast in the election. If any two persons receive the same number of votes, and no candidate has a higher number of votes, a special runoff election shall be held two weeks from the date of the General Election. This special runoff election shall be conducted according to the laws provided for the General Election and the vote tabulation shall be the same as the General Election.

In the case of judicial and executive offices, the Secretary of State, within thirty days after receiving the election returns and in the presence of the Governor, shall tabulate the legal vote for the Supreme Court, Court of Appeals, State Land Commissioner, Judges of the circuit and chancery courts and prosecuting attorneys in their respective districts or circuits, judges of the county and probate courts, circuit clerk, county clerk, sheriff, coroner, surveyor and assessor, in their respective counties. Those candidates receiving the highest number of votes shall be immediately commissioned by the Governor. If two candidates receive the same number of votes, and no person has a greater number of votes, a special runoff election will be held two weeks after the date of the General Election. The conduct of the election and the tabulations of the results shall be done in accordance with the laws covering the General Election.

During the first week of the session of the General Assembly, after the elections for the Governor, Secretary of State, Treasurer of State, Auditor of State and Attorney General, the Speaker of the House of Representatives, sitting in front of a joint session of both Houses, shall "open and publish" the election results for the aforementioned offices. The person gaining the greatest number of legal votes cast for each respective office shall be declared the winner. If any two persons receive the same number of votes, and no other person has a greater number of votes, then the joint session of the General Assembly shall select one of the two to fill the office. The Speaker of the House and the President of the Senate shall make a certificate declaring the persons elected to the offices mentioned above, and shall deposit the certificate with the Secretary of State.

The General Election in the State of Arkansas is held on the Tuesday next after the first Monday in November, and the elections are held every two years.

Campaign Finance Act

When seeking office in the State of Arkansas, it is required by law that the contributions received and the expenditures allotted, by a candidate during the course of a campaign, must be recorded and filed with the Secretary of State. This also includes those office seekers who run unopposed in either the Primary or General Elections.

The law covering campaign finance requires the filing of different forms, at different times, with different information. It is possible that a candidate running for office will have to file campaign finance reports eight times with the Secretary of State and the county clerk of the candidate's home county. All such reports are open to public inspection during regular business hours.

Political Practices Act Offense and Penalties

Candidates in Arkansas, at the state and district levels, must file a political practice pledge with the Secretary of State beginning at twelve o'clock (12:00) noon on the third Tuesday in March and ending at twelve o'clock (12:00) noon on the fourteenth day thereafter before the primary in May. This pledge states that a candidate will abide by the laws which cover the political activities of candidates within the state. These laws range from misdemeanor offenses to felonies.

The misdemeanors range from the use of influence by a political officer on an election or nomination, to making it illegal for a person to vote more than once in any election, whether in person or by absentee ballot. The other laws that constitute misdemeanors and affect a candidate directly are as follows:

- (1) making it necessary to print the word "Advertisement" after each political campaign ad in a newspaper.

(2) prohibiting the use of a publicly owned office or room for a campaign headquarters or to distribute campaign material.

(3) prohibits the placing of campaign literature on state owned cars.

(4) makes it mandatory that any literature, communication, advertisement, etc. must be plainly labeled as to what person or persons paid for the above mentioned campaign paraphernalia.

Also within the laws that constitute misdemeanors, is a provision that closes all places that serve alcoholic beverages on election day.

The felonies relate mainly to fraudulent election and the action of trying to make it a fraud.

Constitutional Requirements for Seeking Office

A political party in the state of Arkansas is any group of voters which was able to poll three (3%) of the total vote cast in the state during a presidential or gubernatorial election. A new party may file a petition with the Secretary of State with signatures of three percent (3%) of eligible voters, using the total number of votes cast during the last governor's race as a guideline. Such a petition must be filed no later than twelve (12:00) o'clock noon on the first Tuesday in May before the primary, to be eligible to participate in the General Election in November. If at any time a political party is unable to muster three (3%) of the total vote cast during a General Election for the presidential electors or the governorship, such party shall cease to exist.

A "majority party" in the state of Arkansas is the party which was able to elect its candidates to a majority of the constitutional offices within the state during the last General Election for such offices. A "minority party" is a party that polled the second greatest number of votes for the office of Governor, and was unable to secure a majority of the constitutional offices. The majority party in Arkansas is the Democratic party, with the Republican party being in the minority position.

Political parties are able to promulgate their own rules and regulations for qualifications of membership, voting in party primaries and the selection of a National Committeeperson. The parties are allowed to set up their own state committees and the State Convention for the purpose of selecting the leadership of the party. The party must file with the Secretary of State all nominations from the primary election for the General Election, for all statewide and district offices. The failure of a party to file with the Secretary of State shall cause their candidates to be left off the ballot.

To run as an independent candidate in Arkansas for a statewide office, the person must first have a petition signed by three percent (3%) of the total vote cast from the last governor's election or 10,000 signatures, whichever would be the lesser number. This petition must be filed with the Secretary of State's office no later than the date fixed by law as the filing deadline for political party candidates, for eligibility to run in the General Election. A candidate may circulate this petition sixty (60) days before the filing date but no longer. A person who ran in a party primary and was defeated may not run as an independent candidate in the General Election for the office he sought during the party primary.

The General Primary runoff shall be held on the second Tuesday in June before the General Election in November. The Preferential Primary shall be conducted on a Tuesday two weeks before the General Primary.

Code of Ethics

Any candidate seeking the nomination or election to public office within the state of Arkansas, must file a Code of Ethics form. The Code of Ethics requires a candidate to list any source of compensation he received in excess of one thousand five hundred dollars (\$1,500.00). It also calls for disclosure of compensation in excess of twelve thousand five hundred dollars (\$12,500.00) from the preceding year. Candidates seeking congressional, constitutional or district offices must file with the Secretary of State within a thirty (30) day period after the filing deadline for the office which the candidate is seeking. An incumbent seeking re-election or seeking another office doesn't have to refile if he had filed prior to the last day of January of that year.
